

Vital Link's STEM and DMA Showcase in Partnership with PBS SoCaL & the OC Youth Expo

Program Dates: April 13, 14 & 15, 2012

Location: OC Fair & Event Center Youth Expo, 88 Fair Drive, Costa Mesa, CA 92626

Directions: <http://www.ocfair.com/ocf/Aboutus/MapsDirections.asp>

Registration: Schools bringing students on a field trip on Friday 4/13, Saturday 4/14, and Sunday 4/15 – Open to the general public.

This is a must attend event for students who are interested in exploring careers in the STEM (Science Technology Engineering and Math) and Digital Media Arts (DMA) fields. Vital Link and its partners are taking the lead in connecting students to career options in the STEM and DMA related professions. The showcase will feature Career Exploration activities, demonstrations and exhibits, and a Meet the Experts area where students can explore their future career options.

PBS SoCaL will host a Meet the Experts series throughout the weekend in the “PBS SoCal Living Room”. PBS SoCaL is looking for producers, directors, film makers, editors, and others in the TV Production or Film Industry to share their expertise with students. Experts will take questions, show up their work, and talk with students on a person level about their career. Experts can focus on how they got started and give advice to high school students interested in careers in Film or Television.

Contact Jamie Annunzio Myers (jannunzio@pbssocal.org) to volunteer for one session in the PBS SoCaL Living Room. Thank you for your time!
